

V7 RED

"A powerful way to express yourself is through color"

Based on the successful V7, the **V7 RED** is guaranteed to spice up your performance! Utilizing the same innovative, specialized **aluminium voice-coil**, the **V7 RED** will **perfectly capture your voice** or instruments in the most **natural** way, providing **crisp, open sound** and vast amounts of **gain before feedback**.

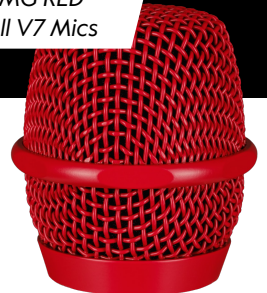

The rugged, **all metal** construction and **smart** beveled edge **spring steel** grille ensure **durability** on the road as well as in the studio. The internal **windscreen** & **patented integrated shock mount** keep the capsule **safe from plosives** and wind while providing **exceptionally low handling noise**.
